Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA10842SC

This Certificate issued to Enhanced Aero, LLC
5020 Canyon Trail
McGregor, TX 76657

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Civil Air Regulations.

Original Product Type Certificate Number : A24CE
Make : Hawker Beechcraft Corporation
Model : 200, 200C, B200, B200C

Description of Type Design Change: Install PWC PT6A-52 engines in accordance with Drawing No. 052-1000-0000, Revision B, dated June 5, 2008 or later FAA approved revision. Instructions for Continued Airworthiness are contained in Document No. 052-30, Revision B, dated July 2, 2008 or later FAA approved revision. Airplane Flight Manual Supplement is Document No. AFMS 43001, initial release dated June 11, 2008, or later FAA approved revision.

Limitations and Conditions: The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

Certification Basis: The certification basis is the same as for the original aircraft, except for areas, systems, or components changed as a result of this modification, which are approved to Amendment 23-57.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : August 15, 2007

Date reissued :

Date of issuance : July 30, 2008

Date amended :

By direction of the Administrator
